

.....PRIORITY INFRASTRUCTURE PROJECT.....

Proposed Investment into Department of Education Multi-Purpose Facilities

Cootamundra–Gundagai Regional Council (CGRC), recognises that facilities like the multi-purpose Hall of Gundagai High School are fantastic spaces for health and wellbeing which are presently not available for public use after hours. CGRC believes that the potential benefits of these facilities may be unlocked by partnering, and entering into joint venture arrangements with the Department of Education This will allow community access to high class facilities for sporting activities.

Council aims to upgrade the multi-purpose halls and sporting facilities in association with the Department of Education for after hour community use. CGRC is willing to contribute \$200K out of \$9M Infrastructure project, and further seek matching funding from the Department. Of Education to improve the facilities suitable for community use. The prime beneficiaries would be the local communities, sporting clubs and the school community themselves.

The upgrade of hall may include, kitchens, car parking facilities, air conditioning, flooring, outdoor surfacing, equipment – with the estimated financial contribution of \$200K
