Explanatory Notes

Council aims to ensure that fees and charges for goods and services are equitable. Fees are substantially based on a user pays principal; however there is recognition of people's ability to pay where community service obligations are identified. These services are cross subsidised for the common good of the community.

All of the proposed fees and charges are based on continuing the existing fees of the former Cootamundra and Gundagai Shire Councils, with duplicated fees being removed. Where the two former Councils had different charging systems, a choice has been made to keep one of the fees. In most cases, the simplest fee structure has been retained. Council applied a 3% increase to last years fees, adjusted for rounding, with some exceptions. Some fees are regulated, and Council charges the regulated amount. In some cases, Council has reviewed the cost of providing the service, and the fees have been increased or decreased to ensure parity between revenue and cost of service delivery.

To assist with reviewing this draft document, the following information is displayed:

- Last year comparative fee.
- Current year fear and GST status is displayed.
- % increase on previous year is shown.
- The unit of charge is shown.
- Where the fee has been based on an existing fee, the former Council is identified, to allow comparison. In many cases, both former Councils adopted the same fee. In a very small amount of cases the fee is different from both former Councils, and is labled "N" for new.

CEMETERIES

COOTAMUNDRA AREA

A second plot may only be reserved if payment is made at the time of the first burial. Reservation fees are equivalent to burial costs on the date the reservation is made. Additional fees will be payable at the time of the second burial, in accordance with the fees applicable at the time of the burial, minus the reservation fees previously paid.

All holders of burial rights with receipts dated before 1/7/2002 and who paid for that burial right, will not be required to pay any more at the time the burial right is used on the first interment, all fees and charges relating to a second interment in a single grave will be charged at the current rate on the date the grave is reopened. This applies for burials after 1/1/2015.

SEWERAGE SERVICES

COOTAMUNDRA SEWERAGE NETWORK

Sewer access charges

The residential sewer access charge will be levied on all residential properties connected to the sewer system. All other properties will be charged in accordance with the number and size of water service meters connected to the property. Where a property is not connected to the sewer system, but access is available, a vacant charge shall apply.

The sewer access charges are billed quarterly in arrears, usually at the end of August, November, February and May. An annual minimum sewer charge is applicable to non-residential properties.

Road opening charges

Road opening charges are as recommended by RMS.

For restoration of private road openings up to 10 sq m, rate calculated per sq m, in accordance with the following rate schedule. The rate per sq m is to be interpreted as meaning a minimum charge/deposit on the final cost. Where the actual restoration costs exceed the calculated charge (by applying the appropriate rate per sq m) by more than \$200, actual costs will be charged and any amount received in accordance with the above scale of rates will be regarded as a deposit on the final cost.

For restoration of road openings over 10 sq m, costs are charged at Council's private works rates.

Several openings made at the one time, less than 50 m apart may be grouped as one, unless otherwise determined by the authority.

Where earth and gravel shoulders exist adjacent to pavement no.'s 1 & 3 inclusive & restoration by the authority is necessary to the shoulders, the charge shown under no. 4 is to be made additional to the charge for pavement.
