OPERATIONS REPORT

Civil Works Team maintenance grading will continue over the next few weeks on roads in the Wallendbeen area, Back Nubba and heading towards the Cullinga Area. Gundagai crews are progressing around the south eastern area of Gundagai. Work is underway on the rehabilitation of a section of the Old Hume Highway. This work involves the reconstruction of the existing pavement in preparation for sealing which is expected to be completed by the end of October. Bitumen shire road maintenance including roadside weed spraying has continued around the shire areas. Footpath replacement works are continuing in Cootamundra with work on the Cooper Street footpath adjacent to the Public School having commenced. Works are progressing on the Byron Street footpath in Gundagai. Concrete lining of the open stormwater drains along Boundary Road is due to commence in coming weeks. This work is intended to improve the stormwater flow along the drains and reduce erosion and maintenance. Construction works have progressed on the Cootamundra Truck wash upgrade. Work has now seen new holding tanks constructed, with the extensions to the wash-down slab underway. While this work is underway the truckwash will be out of operation. The Cootamundra water main replacement works are well underway with work initially taking place on the balancing main between the two reservoirs. So far they have progressed from reservoir one down Carol Road and Florence Street. Works have also progressed from reservoir two along to Hurley Street. Works are now underway on the next stage of the Yass Road shoulder widenings to cater for the new fuel depot. The current work will see the shoulders reconstructed along Barnes Street side as well as a section between Mowall and the new fuel depot. While these works are underway, motorists are asked to abide by the traffic control measures and speed restrictions. Parks & Recreation Staff have carried out maintenance around streets and parks including weeding, pruning, mulching as well as rubbish removal. Recent storms caused damage to trees in the area with parks staff clearing the broken limbs and debris. Upgrades to seating at the Cootamundra Showground and Fisher Park were also completed. Pool maintenance works continued on the outdoor pools during September and October with staff and contractors completing the pool and grounds cleaning, the repair and reinstatement of the pools water meter and safety valves, and the installation of the new liquid chlorine delivery pipework to improve safety and comply with current guidelines. School holiday activities at the Sports Stadium have been a great success. Activities on offer during the school holidays included roller skating with approximately 250 people attending.
