

TENDERS – WET AND DRY PLANT HIRE- RFT 2021/15

Council is seeking to form a Panel of suitably qualified contractors to supply wet and dry plant hire for three (3) years, with an additional two (2) year option to be exercised at Council's discretion, depending on Council's operational requirements at the time.

Council reserves the right to issue further requests for tender (RFT) during the term of this contract (likely to be on an annual basis). Each additional Tenderer must meet the same terms and conditions as set out in this RFT and will be subject to the same evaluation criteria as this initial RFT with the exception of the tender commencement date. Contractors may use this opportunity to update their rates and/or equipment, however, it is expected that for the first twelve (12) months, the fees quoted shall be fixed.

All responses should be lodged via Council's VendorPanel Portal at [VendorPanel Public Tenders](#)

Any queries regarding this request should be asked via the VendorPanel Portal.

Prospective tenderers are reminded that canvassing Council staff or Councilors is strictly prohibited and may render any submission invalid.

Opens 2 July 2021 Closes Tuesday 20 July 2021 @ 10am
