

HOW DO I GET THERE?

From January 1st to January 16th 2022
Southern Cross Gliding Club will be
operating a summer gliding camp from
Cootamundra Airport.

You are welcome to come to the airport
and take an air experience flight with an
experienced instructor in our two-seater
aircraft, subject to availability.

The cost for an Air Experience Flight is
\$175, including GST and 30 days'
membership of the Gliding Federation of
Australia. Depending on weather
conditions, you can expect the flight to
last approximately 20 to 40 minutes.

Call Michael Brandon (0417 491 040) or
Rod Ferrier (0413 610 334) for enquiries,
or just come to the airport.

*Preparing for take off.
Come and try it
for yourself.*

*Gliding -
The sport of angels!*

GLIDING CLUB

COME

GLIDING

AT COOTAMUNDRA
AIRPORT

From January 1st to January 16th
2022

Enquiries:
Michael: 0417 491 040
Rod: 0413 610 334

Soar like an eagle

Stop dreaming and come and take an air experience flight with us at Cootamundra. We fly most days of the week (weather permitting). Experience the joy of flight, soaring with the birds.

How do gliders fly?

Gliders fly and are controlled like powered aircraft but do not have an engine. Instead, they stay in the air using natural updrafts of air (called thermals) which are caused by the sun heating the earth. The glider is towed into the air behind a tug plane and released about 1 kilometre above the ground. From this height a glider can normally soar for about 25 minutes, although longer flights are possible on days with good thermals.

Is it fun and safe?

Absolutely! You will fly in a two seater aircraft under the command of a qualified gliding instructor, endorsed by the Gliding Federation of Australia. During your flight you will be invited to experience controlling the glider. Of course, you can just sit back and enjoy the flight, if you prefer - small cameras are welcome and you can ask a friend to take a photograph of you in the glider.

How can I find out more about gliding?

Just have a chat with one of our pilots at Cootamundra airport, or visit our website for more information:

www.gliding.com.au

I really liked it — can I learn to fly?

If you want to learn to fly, and can get to Camden on a regular basis, you can begin by purchasing one of our 5 or 10 flight packages.

Training packages include all flying costs as well as 3 months' membership of our Club and the Gliding Federation of Australia. At the end of the 3 months you can decide whether you want to continue.
