Road opening charges

Road opening charges are as recommended by RMS.

For restoration of private road openings up to 10 sq m, rate calculated per sq m, in accordance with the following rate schedule. The rate per sq m is to be interpreted as meaning a minimum charge/deposit on the final cost. Where the actual restoration costs exceed the calculated charge (by applying the appropriate rate per sq m) by more than \$200, actual costs will be charged and any amount received in accordance with the above scale of rates will be regarded as a deposit on the final cost.

For restoration of road openings over 10 sq m, costs are charged at Council's private works rates.

Several openings made at the one time, less than 50 m apart may be grouped as one, unless otherwise determined by the authority.

Where earth and gravel shoulders exist adjacent to pavement no.'s 1 & 3 inclusive & restoration by the authority is necessary to the shoulders, the charge shown under no. 4 is to be made additional to the charge for pavement.
