PUBLIC SPACES (UNATTENDED PROPERTY)-VEHICLES: The NSW Government have introduced new laws, involving motor vehicles, caravans, boat and other trailers and cars, this is the Public Spaces (Unattended Property) Act 2021 and Regulations. The new law enables Councils to remove any of these items that are causing an obstruction to a road user or pedestrian, or that is a potential safety risk and is impacting on the environment and the enjoyment of our Public Spaces. This law puts the accountability firmly on those responsible to manage their own vehicles/items and to do the right thing and remove their property quickly from public land. The CGRC's Rangers will be commencing compliance checks from February and will be largely concentrating their patrols on the townships of Cootamundra and Gundagai, checking for vehicles/items that have been left parked on Public Spaces for too long. The Council will notify the owners that their Vehicle, Caravan, Boat, or other Trailer is causing a safety risk or an obstruction and is to be moved off the road and onto their property.
