THE TOP END OF SHERIDAN STREET TAKES SHAPE.

Major work on stage one of the third block of Sheridan Street is well underway. On the north side from Homer to Vigil Street, as a continuation of the Main Street redevelopment project. The new paving hides a myriad of work that been completed underground. This work consists of service upgrades with the replacement of sewer, telephone, electricity services and storm water drainage. Approximately 200 metres of new stormwater provision was implemented. Kerb and Gutter Construction consisted of approximately 170 metres involving four drainage pits and replacement of 12 roof water connections. Work to date has involved the reconstruction of the northern part of the road reserve. Complete footpath reconstruction with 800 m2 of paving on the north side. Intersection landscaping footpath turf installation. This completes stage one with further funding needed to complete the southern footpath area and road pavement on the top end of the street. The \$500,000 project has been funded by the Federal Government's Drought Communities Programme (DCP) Extension

PARKING ISSUES:

CGRC regulatory officers will be monitoring the main streets of Cootamundra and Gundagai to reduce illegal parking in the CBDs. Due to the number of complaints from businesses, customers, and visitors. CGRC mayor Cr Charlie Sheahan said it's been a long-term problem and is costing businesses customers and money.

Council is considering a threephase approach to tackle the problem, which ultimately will result in fines being issued to offenders.

PRINCE ALFRED BRIDGE:

Conrad Gargett Architects have been appointed by the NSW Government undertake the development of the Interpretive design for the Landscape Interpretation Strategy for the iconic Prince Alfred Timber Road Viaduct (PATRV) Bridge. Conrad Gargett plans to exhibit initial design concepts (for phase 1) in several pop up locations around Gundagai in April. The dates and locations will be advertised soon and Conrad Gargett looks forward to meeting with interested community members for their comments and inputs to assist with further developing the Interpretation Strategy. A MESSAGE FROM THE MAYOR:

March has been a busy and challenging month for your local council. With Seniors week celebrations in full swing and planning for Youth Week coming up, we are supporting these groups within our LGA and applauding their achievements.

The month of March has also seen some change to the operations of Council. At an Extraordinary meeting of Council on 9th March, Council accepted the resignation of long-term employee and General Manager Mr Phil McMurray. Phil has contributed to the community and Council in so many ways during his term as General Manager, Deputy General Manager, and Director of Engineering. His passion and drive for the Gundagai Main Street refurbishment project has seen a revitalised CBD in Gundagai. Phil headed up the water main replacement project in Cootamundra, a project that is delivering clean and regular water supply to the town. Phil has seen us all through the merger process, boundaries commission scrutiny, harmonisation of rates and charges, stabilising the fiscal security of the organisation and has overseen major projects across the LGA during his time with Council. Phil's input into the improvements to infrastructure across our parks and community spaces has invaluable. Phil's vision determination will be realised when the Gundagai Sewerage Treatment Plant is completed. The decision for Phil to leave the organisation has been a mutual one and made with a great deal of consideration and contemplation. We all wish him well for the future.

Mr Glen McAtear, a seasoned and experienced Council Manager has stepped up into the role as Acting General Manager, whilst Council assertively seeks a new General Manager who will come to the organisation with a fresh set of eyes, new ideas and innovative outlook.

As mayor I am determined to lead this organisation as unified and cohesive, putting past experiences behind us, and connecting our communities. It is up to all of us, to embrace the area we call home, work together for the benefit of our LGA and progress forward.

Regards, Cr Charlie Sheahan, Mayor, Cootamundra-Gundagai Regional Council. HELP FOR FARMERS: Council, DPI and Local Lands Services, are calling on expressions of interest from farmers to tackle Thistle infestations. CGRC's Biosecurity Officer, will visit affected landowners to assist with identification and appropriate management and control skills. Chemical control assistance will also be available for the reduction of Scotch/Illyrian thistle infestations. Numbers for the program are limited and interested landowners are encouraged to contact Council to register their expression of interest by as soon as possible. The program will run until 30 June 2022.
