

ROADSIDE GRAZING STOCK PERMIT

This type of permit is issued for a short period of time, over a specific section of road and usually in times of drought or for hazard reduction. It's normally issued to the landholder adjoining the area as it may not have watering facilities. Therefore, stock are moved back to the property at night. This application form is for permits requested for Cootamundra-Gundagai Regional Council roads only.

APPLICATION TO GRAZE STOCK ON COUNCIL ROADS

Applicant Name: _____

Address: _____

Property I.D Code(PIC): _____

How can we contact you: _____

Road/s applicable: _____

From: _____ **To:** _____
eg. From Berthong Road *eg. To Rathmells Lane*

Dates proposed: **From:** _____ **To:** _____

Public Liability: **Company:** _____ **Policy No.** _____

Valid from: _____ **Expiry date:** _____

I, _____, acknowledge and agree that:
All conditions will be complied with under the Local Land Services Act 2013 and Bio Security Act 2015, and the following permit conditions:

1. That I will ensure that damage caused by stock to any council roadside assets is repaired immediately. Such assets include guideposts, traffic warning and information signs and drainage structures. Should permit holders be unable to repair a damaged item, the matter must be reported immediately to Council.
2. That I will ensure that stock are free from contamination of noxious weeds so as to avoid the spread of such weeds along road reserves.
3. That I have a current public liability insurance policy (details above) to a minimum cover of \$20 million and that such policy covers the activity being the subject of the permit.
4. That stock be personally supervised at all times. The use of unsupervised dogs or electric fences is not permitted.
5. That walking stock permit holders, chemical / spraying and weed incursion issues and activities, use for emergency situations or high-risk biosecurity issues have priority over this permit.
6. That if council receives more than one application for the same road area, permit restrictions to applicant's property boundaries may be applied.
