We're doing work in your area

CGRC wishes to inform all customers in Cootamundra that the water and Sewer mains replacement project will commence shortly in Cutler Avenue, Victoria Parade, and Wills Street. CGRC has engaged a contractor to undertake the project.

This is not just about pipes. It's about clean, life-sustaining, preventative replacement of assets. Our Work will ensure we can continue to provide a clean and reliable water supply and consistent sewerage services. This project is part of the annual mains replacement program and also advances the asset renewal program identified in the Business Plan.

Time of Work

Our work is planned to commence on 19 October 2026 and, weather and ground conditions permitting, may take up to 12 weeks to complete.

Day Works

Our daytime work hours are 7 am to 5 pm, Monday to Friday. We won't work on Weekends or public holidays.

What is expected?

We know our work can be disruptive, so we will make every effort to reduce any impact our work may have on you.

Impact on your service

Your water and sewer service may be temporarily interrupted at different stages of the project. If you are affected by the shutdown, you will receive a separate letter with more information.

Noise

During our work, there will be some noise from our plant and equipment (including a saw cutter and jackhammer) and machinery.

Traffic and parking changes

Our work will take up space on the road. Traffic management plan will help maintain traffic around our work areas while keeping you safe.

Some on-street parking will be temporarily unavailable during our work hours and overnight, but the contractor will let you know before we start so you can safely move your vehicle if required.

Temporary Laydown Areas

The contractor will establish temporary laydown areas for this work. These areas will be used to store equipment, materials, and amenities for the construction crew. The contractor may use some on-street parking spaces for construction machinery and skip bins.

Maintaining driveway access

Access in and out of some driveways on Cutler Avenue, Victoria Parade, and Wills Street may be limited at times. Our friendly construction crews will doorknock if you are impacted and help you in and out of your driveway if needed.

Restoration

We will temporarily restore the road and verge to allow for continued use. When work is complete in all areas, a permanent restoration will commence.

Where can you get more information?

If you have questions or concerns about the work, please contact the Council at mail@cgrc.nsw.gov.au or 1300 459 689.
