DEVELOPMENT NOTIFICATION CHANGES:

The NSW Government's new Statewide Community Participation Plan has replaced local council plans, changing how Development Applications are notified across NSW. Under the new rules, public exhibition or neighbour notification of many lower-impact developments, including new homes, alterations & additions, dual occupancies, secondary dwellings & subdivisions of up to five lots, will no longer occur.

Council cannot reinstate the previous notification process, & residents should not assume no application has been lodged nearby if they do not receive a notification. Applications lodged before the changes took effect will continue under the previous rules.
